Closing Statement/Goal

It has, thus far, been a busy, though certainly different, time for me as Alpha Delta Kappa Month Chairman. I have had special contact with each district chairman and a lot of help from them in securing a contact person from each chapter for this special service to Georgia Alpha Delta Kappa. I'm both happy and amazed at the efforts going forth with activities and events for this special time in October. I will keep specific record of the reports as they are turned in and encourage sisters who are having problems do something that will help them get this service completed...thus, meeting our goal of 100% participation for Alpha Delta Kappa Month.
