How Alpha Delta Kappa Is Like a Snickers Bar

Instructions: Get enough Snickers Bars for the size of your group. This game will take approximately 5 minutes. Distribute a Snickers Bar to each member. Now, read the script to the members.

Invite them to look at the OUTER WRAPPING. This part is like your <u>local chapter</u> and it is so INVITING. It represents the sisters you are in close contact with each month and at special chapter events and activities. The OUTER WRAPPINGS are easily seen and provide us with protection, support, and keeps us "FRESH" with excitement for Alpha Delta Kappa.

Now it's time to open up the WRAPPING. Take a good look at the CHOCOLATE COATING. Don't you just want to take a bite? This CHOCOLATE COATING is like your S/P/N Executive Board and Committee Chairs. It provides the connection from your chapter to the state/province/nation, and International leaders who help us to form our policies and procedures and goals for the biennium. This

COATING is in direct contact with everyone – that being the WRAPPER and its INGREDIENTS.

Here we go! Take a bite of your SNICKERS BAR! Look at this! The NOUGAT filling is like your Regional Leaders. They are in contact with your S/P/N Board as well as your International Executive Board, International Committee Chairs, and our amazing Headquarters Staff. These leaders "fill out" our group by sharing the sweetness among members of each region. Regional leaders are the "stickiness" that helps to hold everything together!

Finally, there are the NUTS! The NUTS are represent our International Leadership and Headquarters Staff! They strive daily to keep us all together and on the same path! They guide our ideals through our Mission Statement, International Bylaws and Policies and Procedures. They exemplify the vision of our Founders and keep us Building Bridges to the Future of Alpha Delta Kappa.

So, there you have it! The next time you are enjoying a SNICKERS Bar, think about Alpha Delta Kappa, and how we must ALL work together to enjoy a delicious treat!
